

## Call for Proposals for My Favorite Assignment

Business teachers are always looking for new and innovative ways to promote student learning. Sharing assignments and instructional strategies is one way to help both our new teachers as well as our seasoned teachers to bring a new idea or concept to life in their own classrooms. Would you like to present your favorite assignment at the 2019 Business Education Research Conference (BERC)?

For the first time, the Business Education Research Conference is holding a Special Session for Innovative Instructional Practices. Business teachers at the **secondary** and **post-secondary** levels are invited to submit their Favorite Assignment. Those assignments selected will be presented at the Special Session on Thursday morning at BERC (as part of the 2019 NBEA Convention in Chicago, IL).

If you have a favorite assignment that you would love to share with your fellow business teachers, please send it to the BERC Coordinator, Dr. Virginia Hemby, [virginia.hemby-grubb@mtsu.edu](mailto:virginia.hemby-grubb@mtsu.edu), by **OCTOBER 15, 2018**. Please complete the following form for your Favorite Assignment submission:

Title of Assignment	
Class for which assignment is used	
Explanation of assignment	
Instructions for assignment	

**If your Favorite Assignment is selected for presentation, you must provide all materials used as part of the assignment, including any rubrics, handouts, URLs for YouTube or other video links or Internet content.**
